- To remove dust, sand, or other small debris from the fibers, a standard vacuum cleaner can be used.

NORTENE®

-Apply Nortene's CLEAN cleaner and FRAGRANCE to give it an excellent appearance.

- It is not recommended to install artificial grass near glass and / or metal surfaces exposed to direct sunlight.

- The reflection of the sun on the glass causes a very high temperature and can cause burns to the blades of grass due to the magnifying effect on the grass.
