

NORTENE®

EXTENSY GREEN

Expandable trellis, covered with synthetic leaves

Extensible trellis 100% recycled and 100% recyclable.

Benefits

To decorate immediately a wall, a balcony or create a separation. This expandable trellis is covered with leaves in shades of green. It becomes a decorative panel to hide an unsightly wall. Fixed to the balcony, this trellis offers a privacy screen while adding a touch of greenery.

A sustainable choice, made entirely from recycled polyethylene.

Characteristics

100% polyethylen, from 100% recycled raw material

Dim : lenght 1,8 m x height 0,9 m

Hollow cane Ø 9 mm, brown color
