# GREEN ABERDEEN 30

## Artificial grass with memory effect

For always more fun and less effort, this artificial turf will provide you with the peace of mind that you expect.

### Benefits

High-end 30 mm artificial lawn, incorporating highly technical concave blades with a central rib which returns the blades to the vertical position. Various tones of greens and browns for a natural finish. Curly blades complete the whole in terms of behaviour and appearance.

### Characteristics

SPECIFIC FEATURES:

PE (vertical blades) + PP (curly blades).  
4 colours.  
Points / m<sup>2</sup>: 15,750.  
Weight g/m<sup>2</sup>: 1,786 (±3%).  
Base: PP + latex backing.  
Treated with UV protection.  
Drainage: 800-1000 l/h/m<sup>2</sup>.  
Guarantee: 8 years.

MAINTENANCE TIPS:

- Once the grass is unrolled, let it rest for at least 24 hours before installing it.
- Once installed, brush the grass from time to time, depending on how it is used.
- For a better result, use a special brush for artificial grass such as the Nortene BRUSHY model.
- To remove dust, sand or other small debris present in the hair, a conventional vacuum cleaner can be used.
- Apply the CLEAN cleaner and Nortene FRAGRANCE to give it an unbeatable appearance.
- It is not recommended to install artificial grass near glass and / or metal surfaces exposed to direct sunlight.
- The reflection of the sun on the glass causes a very high temperature and can cause burns to the blades of grass due to the magnifying effect on the grass.
